

# Federal & State COBRA Requirements Chart

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) generally requires employers with **20 or more employees** with group health plans to offer employees, their spouses, and their dependents a temporary period of continued health care coverage if they lose coverage through the employer's plan. In the decades since federal COBRA's passage, many states have enacted so-called "mini-COBRA" laws to allow employees who do not qualify under federal COBRA to obtain similar continuation of coverage benefits. Learn the **general COBRA requirements** that apply to your business in the chart below.

**Additional requirements may apply under the laws of your state.** For more information, please contact your state's Department of Insurance.
